Our Fall CSA gets a nice early start on the season which means a great assortment of produce. In years past we've had fall crops like potatoes, onions, carrots, beets, cabbage, kale, broccoli, cauliflower, winter squash...but we've also had great late summer crops like peppers, tomatoes and even strawberries! There are no guarantees, but we will try our hardest to ensure a great selection each week, including fresh greens.

Which size share is right for you? We've tried our best to describe them below.

Please note that the large share will include the same items as the small share, AS WELL AS additional *different* items each week.

This size is perfect for a single person, or a couple that doesn't cook at home much. You will receive 6-7 items each week.

LARGE SHARE

This size is perfect for families or a couple of vegetarians. You will receive 8-10 items each week.

Clip the portion below and mail or drop off at the farm stand along with your payment.
